

**Cornice**- a shallow box-like structure covered in fabric, mounted above window for decoration.

- Extruded polymer frame is strong, but light-weight for easy installation
- Completely flame-retardant (unlike traditional wood cornices)
- Perfect for mounting outside the window frame, projecting 3.5" from wall
- Custom-made to fit, fully assembled and ready to hang
- Two fabrics per cornice for designer appeal
- Orders of 9 or less ship in 7 working days!
