# Hookless®

How long did it take Hookless® shower curtains to become a hit? About 15 seconds—the same amount of time it takes to completely hang a Hookless® shower curtain. And they don't just take the hassle out of hanging shower curtains—they also allow you to say goodbye to torn curtains and missing or broken rings.

Hookless® shower curtains have a patented “split ring” design built right in. Because these curtains are made with a water-repellent fabric, there is no need for an additional shower liner. All you need to do is slide the curtain onto the shower rod—that's it! There's nothing else to buy.

## How can Hookless® save you money?

### Hookless® reduces labor costs\*

	Traditional Curtain	Hookless® Curtain
Time per shower curtain replacement	10 minutes <i>(five minutes up, five minutes down)</i>	30 seconds <i>(15 seconds up, 15 seconds down)</i>
Total time per year	12 replacements x 10 minutes = 120 minutes <i>(two hours)</i>	12 replacements x 30 seconds = 6 minutes <i>(1/10 of one hour)</i>
Cost of labor*	\$8.50/hour	\$8.50/hour
Yearly cost of labor	<b>\$17.00 (\$8.50 x 2)</b>	<b>85¢ (\$8.50 x 1/10)</b>

### Hookless® saves money in every room\*

#### Four Tips for Keeping Your Shower Curtain Clean

1. The drier you can keep your shower curtains the fresher and cleaner they will remain.
2. Give shower curtains a quick rinse to remove any soap or dirty water after each shower.
3. While many materials are mold resistant, keep shower curtains partially open to allow them to dry completely and to release humidity from behind them.
4. Polyester fabrics should be washed using regular laundering practices; Line dry or dry at low heat. For a more thorough cleaning of vinyl shower curtains, throw in washing machine with a few towels to help scrub the curtains and use regular detergent on warm. Remove before spin cycle and hang to let air-dry. Do not put vinyl shower curtains in dryer, as they could melt.

**Standard Shower Curtain Ordering Instructions**

*When ordering, add the three-letter color code to the end of the item number. These color codes can be found immediately following color names in the lists of available product colors. For example, a 33" x 72" Sure-Check shower curtain in white would be SUQ33X72WHI.*
